

# Shareholder Disputes in Energy Companies

Istanbul, Turkey, 20 April 2018

## Venue

Adahan Hotel, Istanbul

<http://www.adahanistanbul.com/>

## Objective

This event will focus on the practical aspects of shareholding and joint venture disputes. Professionals and legal advisors will share their experience on the various mechanisms that can be created while forming joint ventures to avoid disputes, and mainly the specifics of such mechanisms when they apply to energy companies. A particular focus will be directed towards the shareholding mechanisms of the Dutch SPVs, which are often encountered in the corporate world as the counter party, and their fitness with other legal systems. Finally, participants will discuss what type of interim measures are available to the parties in shareholder/joint venture arbitrations and which ones, from the practitioners' viewpoint, are the best suited for energy related cases.

## Who should attend

This conference is aimed at young arbitration practitioners of approximately 40 years and under: counsel, arbitrators, corporate counsel or academics. The ICC YAF Conference will be an ideal forum for young practitioners to exchange their experience and thoughts on international arbitration, and to actively enrich their network in the region.

## For registration and more information

For more information on this event, please contact Simel Sarıalioğlu at: [ssarialioglu@paksoy.av.tr](mailto:ssarialioglu@paksoy.av.tr) or **02123664708**

This is a free event. As seats are limited, the applications for registration will be accepted on a first come first serve basis.
